THE FRENCH FARMERS SAVED THE DAY

The saving farmer is a national asset. Canadian progress today in all lines attests magnificently to the splendid qualities of thrift that have marked the farmers in all the provinces. The total returns from field crops and animal produce have been only possible because of the disposition to make use in an economical way of all the wonderful gifts of Providence in this good land of ours.

The same was abundantly true after 1870 in France when the thrifty, thrifty farmers of that fair land made it possible for the Republic to pay off that hated German war indemnity of two billion francs levied against them. The same spirit of national thrift built up France for the extreme test today--a test that it has not tried by fire.

Thanks be, French heroism is proving true. The line is holding. The blood of the farmers is flowing equally well through the veins of France's daughters of the soil and so the national strength bends but does not break.

Canada is reaping her harvests of increased returns and money being made as never before. Our farmers are earning the gratitude of all in their splendid efforts at production. That they will carry into their savings an equal foresight, conserving their surpluses against the future days of darkness and lower prices will be equally praiseworthy. He is well advised who saves his extra dollar until he sees which way the winds of tomorrow will blow. Adversity blows a chill blast where there is no dollar in the savings.

Autumn Cultivation Weed Control.

(Experimental Farms Note.)

The ploughing of the land in the fall is desirable as a part of the regular work of the farm since it enables the ground to be got into proper condition for sowing the seed in spring considerably earlier than would otherwise be the case. But it is perhaps of even greater importance as a means of keeping weeds in check. In the case of perennial weeds the more turning up and exposing the root-stocks to the action of the frost will serve as a considerable check to the weeds in cases where they are not killed outright. Where it is desirable to collect and burn creeping rootstocks this can be more readily accomplished where the ground has been pulverized by the frost and snow of winter.

In the case of annual weeds these are of two classes from the point of view of their life-history. One group requires a resting period before the seeds will germinate and this holds good even if the conditions with regard to moisture and temperature are suitable. These normally germinate in the spring of the following year after they are shed. But in many species the germination can be delayed for several years if the seeds are buried to a considerable depth in the soil. This is true of such species as wild oats and wild mustard. Each time the surface of the ground is disturbed some of these buried seeds will germinate and if no other seeds are allowed to fall into the soil in the meantime, the ground will eventually become clear of them.

In another group of annual species known as winter annuals, the seeds germinate immediately after they are scattered and pass the winter in the form of a small seedling plant which survives under the snow and resumes growth in the following spring. Belonging to this group are the following weeds: Chess, Purple Cockle, Night-flowering Catchfly, Stinkweed, Shepherd's Purse, False Flax, Red Mustard, Wild Radish, Harb's Bar Mustard, Tumbling Mustard, Peppergrass, Wormseed, Mustard, Corn Gromwell, Blue Star of Stinkweed and Stinking Mayweed. It is in the case of these weeds that autumn cultivation is especially desirable as if they are turned under with the plow and covered sufficiently deeply, very few of them will be able to continue their growth after the snow melts.

Town Council.

A regular meeting of the town council was held in the council chambers on Friday last, the following being in attendance: Mayor Reid, Councillors Swennumson, Rolfe, Oliver, Blaine and Hurd.

The following accounts were presented:

C. P. R. freight	\$14.70
Public Utility Commission	20.00
Medicine Hat, gas fittings	13.40
Stacey Lumber Co.	2.10
Canadian Meter Co.	135.00
Chaplin-Fulton Co., regulator	99.00
Swennumson & Co., gas fittings	43.55
R. S. Beattie, sundries	4.15
L. Swing, labor	45.00

The accounts were ordered paid if found correct.

An application was received from Dr. Paterson on account of error made in meter readings amounting to \$7.00.

The error was ordered to be made good.

A letter received from the Union of Alberta Municipalities regarding their convention to be held in Medicine Hat on October 9th and 10th was laid on the table until the next meeting. In the meanwhile the secretary was requested to prepare resolutions relative to tax enforcement procedure, etc., or any other matters that might improve the Town Act.

Geo. Bedell wrote asking for a rebate on his water license. The council decided they could not grant a refund of his license. They consented, however, to release his bonds and to cancel his license.

Councillor Blaine moved an amendment that "in addition to releasing his bondsmen that portion of license be refunded as applied for." The amendment, however, was not seconded.

The committee appointed to interview the school trustees relative to purchasing the old school building, submitted a letter received from the trustees offering the premises for \$700.00.

The mayor requested the committee to obtain an option at that price, and also to see the old hospital board and ascertain what money they had on hand.

The solicitor was asked to draw up a "case between the town and the Tydhope-Anderson Co. for a fresh lease of the town well.

The council gave its consent to a regular station being placed on Mr. Swennumson's lot, and the solicitor was asked to prepare a lease covering same.

The meeting then closed.

SOLDIERS OF ALBERTA EXEMPT FROM TAXES

Dependents' Homes Also Come Under Scope of New Provincial Law

Conspicuous among exempt taxpayers this year are soldiers, and soldiers' dependents. Under the two provincial acts which regulate the taxation of soldiers' property, the home property or that in which the soldier was living at the time of his enlistment, is exempt for all purposes of taxation, beginning with 1915 and continuing until two years after the declaration of peace or the soldier's discharge from the army, whichever happens first. For all practical purposes the home, if owned by the soldier's wife, comes under the same ruling.

On all other property of soldiers, the legislation provides that no taxes can be collected, although the property is taxable, until two years after the soldier's discharge or the end of the war. Arrears of taxes on the home before 1915 or which have or may accumulate on other property owned cannot be touched by any legal proceedings, either, until the conclusion of the two years.

It is understood in these acts that a soldier is a person either on active service or subject to call for service within the Empire.

Kidgland House to rent. Apply—Manager Union Bank, Bow Island.

Shack for Sale.

Situated on Hamilton Street, one two-roomed shack on two lots, as would sell cheap separately. Cheap for cash. Apply—T. H. Little, 294 Ross Street, Lethbridge.

Your subscription to the Review will be appreciated.

Winnifred.

Sam Breathour is leaving Winnifred to reside at Medicine Hat.

Mrs. Phil DeWald and baby have returned from Redfield. The baby is now almost recovered.

The members of the Ladies' Aid will meet at the home of Mrs. LaMarsh (J.P.) on Thursday, September 20th. Everybody is cordially invited.

K. K. Bergan returned on Monday from Grondau, Alberta, where he has been endeavoring to find hay. This place is situated at the head of Lesser Slave Lake. The hay, however, has been utterly mispresented. It is covered with water and almost impossible to get at. Mr. Bergan said the day he left Grondau he saw five tons of fish shipped out to Chicago, so many going to Paris. This fish is said to be among the best in the world. The lake itself is about fifteen miles wide and forty miles long, and very rough.

Mr. and Mrs. M. J. Collins, Mr. and Mrs. Harvey Davis were duck hunting at Mr. Milo Scott's on Monday, returning with a large bunch of ducks.

Mr. L. C. Freeman bought three deerhounds of Mrs. H. Davis. These hounds have the reputation of being the second swiftest dogs in Alberta.

Frank R. Hillis is now the oil man, having been placed in the situation on September 12th. Frank McLane gave it up on Saturday. Mr. Hillis' friends congratulate him, feeling sure that he will carry on the work in a very successful manner.

Wm. Webster has rented Sam Breathour's farm and is moving on to it this week.

Correction—in an account of a cent given in this column last week, the name of Mrs. Harold Bowerman should have been substituted for that of Mrs. Harry Bowerman.

Harry Grant and Frank R. Hillis motored to Foremost on Sunday.

QUERY! WHO'S THE WINNER?

It appears that the secretary of the Blue Ribbon Workers made an error in placing in his possession one of the Old Rose Circle. A check had been voted upon and the signature affixed two weeks previous to the close of the contest between the Blues and the Rose. The Old Rose Circle now demand the honors to which they are entitled, as the one dollar had been held back by a member of the Blues and exhibited only the next day after the contest had closed.

FATAL GUNSHOT ACCIDENT.

Chris. Fredericksen, living five miles south-east of Winnifred, was found on Wednesday, Sept. 11th, lying on the ground after death with a gunshot wound in the abdomen. Upon the above day he left the house just after dinner saying to Mrs. Webster he would go and look at his cats and get a few ducks. As he did not return a search was instituted, and about seven o'clock Mr. E. V. Inger and Mr. Harvey Davis walked about half-mile and discovered the body. Word was at once sent to Bow Island and also to Medicine Hat to his brother George, who arrived some time after with Corcoran Thomas and Serg. Trickey of the A.C.P. They were also accompanied by Constable English of Bow Island. After looking over the place and hearing particulars as far as it was possible to furnish them, Dr. Thomas decided that an inquest was unnecessary, as the facts were plainly evident that the deceased disclosed the contents of his '12 gauge gun into his abdomen.

Mr. Fredericksen was a member of the local I.O.O.F. Lodge and a very prosperous farmer. He was exceedingly well liked by everyone who knew him. He leaves a brother in Lethbridge and two sisters in Detroit, Mich., where the body was sent for burial.

Burdett.

J. F. Hamilton returned last week from a visit to Banff.

Foley Bowe has bought the W. A. Kay property in town, west of the new school. This consists of a two-story dwelling, 20 x 24, and three lots.

John M. Stewart has taken over the duties of caretaker of the new school.

Get your ticket for the Chautauque, held in Burdett on October 7th, 8th and 9th.

The ladies of the Burdett Relief Society will hold a bazaar in the old town hall on Friday and Saturday, September 27th and 28th. Lunches will be served during the day. Articles on sale will comprise quilts, needlework, fancy work of various kinds, preserves, etc. Proceeds will be donated towards the erection of the L. D. S. church.

Owing to the increased business at the Burdett Mercantile Store the staff has been increased with the addition of Miss Lilian Wilson.

A. H. Rygg is leaving the latter part of the week for a month's visit with friends in the States.

The ladies of the L.D.S. Relief Society met at Mrs. D. Hall's on Tuesday afternoon.

Mr. and Mrs. Geo. Robinson visited with friends at Taber over last Sunday.

Miss Milligan visited over Sunday with her parents at Commerce, Alta.

K. Brown received word from his son Ed, last week saying everything is going well.

Job Llewellyn is setting a pace for the Chautauque committee which the members will find hard to keep up with. He has sold up to the present nearly fifty tickets and reports a steady demand still. Job evidently recognizes he has a good thing and it is apparent that the public generally appreciate his views.

S. Hazell is one of the few fortunate farmers this year. He has already threshed this week over 4000 bushels and is still at work.

J. Enard struck another flowing well last week at the farm of Mr. Galvin, averaging 288 barrels per day. He is now engaged upon another contract on an adjoining farm.

With the flowing wells now being located Burdett will soon be recognized as a part of the irrigation belt.

S. T. Elford has rented his farm.

Mrs. G. H. Johnstone, who has been visiting friends in Saskatchewan, returned home last week.

Geo. Lomas has been elected by acclamation to the Board of School Trustees in place of M. A. Hardie resigned. It is understood that the matter of expenditure in connection with the new school will be carefully gone into and expenses cut down if at all possible.

Mr. A. J. Whitney of Kipp

spent a few days last week at the home of Mr. and Mrs. J. R. Arbuthnot.

An especially good program has been arranged for Burdett's Chautauque on October 7th, 8th and 9th. The tickets are selling remarkably well.

Mrs. Arbuthnot's brother has been confined to his room, pneumonia setting in. He has been given his discharge from the army. Mrs. Arbuthnot has also received word that her brother-in-law has been tormented and was twenty-four hours in the water before being picked up. He is now in hospital with a broken collar-bone.

Lost.

Agreen motor veil, with military badge pin attached, somewhere near Geo. Hecker's farm east of town. Will kindly return to Miss Isabel Whitney, Bow Island.

Impounded.

I have taken a black Gelling, branded reversed J on left jaw, small white spot in forehead, left hind foot white up to ankle. About six years old. S.W. 1/4 10-12-20 W. 4—W. A. Campbell, Winnifred.

Wanted.

A Light Driving Team, Address—Chas. Haglin, Bow Island.

Teacher Wanted.

For the Lancelot School District, Second-class certificate. School starts on or about October 20th. Situated five miles south of Bow Island, Green district. State salary required. Address—Chauncey Moore, Bow Island.

Municipal District of Forty-Mile No. 64.**NOTICE.**

In the matter of the Court of Confirmation of the Tax Enforcement Return of the Municipal District of Forty-Mile No. 64.
TAKE NOTICE that His Honor Judge Jackson, Judge of the District Court of the District of Lethbridge, will at the Sittings of the Court to be held at Taber, Alberta on WEDNESDAY, the 29th day of NOVEMBER, 1918, confirm the Tax Enforcement Return of the Municipal District of Forty-Mile No. 64.
Dated at Mabel, Alberta, this 29th day of September, 1918.
J. M. GIBBONS, Secretary-Treasurer, Municipal District of Forty-Mile No. 64.

GOVERNMENT OF THE PROVINCE OF ALBERTA.

Department of Municipal Affairs.
File 10550
Notice of Court for Confirmation of Returns of Unpaid Taxes.

NOTICE IS HEREBY GIVEN that the Judge of the District Court of the Province of Alberta, on the 13th day of NOVEMBER, 1918, at 10 o'clock a.m., has made a declaration of the Court House in the City of Lethbridge for confirmation of the Returns of Unpaid Taxes made under the provisions of Section 10 of the Improvement District Act, covering the following Territorial Units, viz: Numbers—1, 2, 3, 4, 5, 6, 7, 8, 9, 35, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

Also for the confirmation of the Returns of Unpaid Taxes made under the provisions of Section 10 of the School Assessment Ordinance by the Secretary-Treasurers of the following School Districts, viz: Numbers—310, 384, 678, 1145, 1241, 1374, 1734, 1868, 1878, 1972, 2000, 2010, 2060, 2132, 2155, 2170, 2182, 2188, 2282, 2291, 2292, 2299, 2378, 2380, 2421, 2430, 2447, 2450, 2459, 2510, 2540, 2558, 2597, 2624, 2721, 2747, 2768, 2842, 2919, 3108, 3227, 3240, 3274, 3287, 3320, as shown on official map prepared by the Department of Municipal Affairs.

Also for the confirmation of the Returns of Unpaid Taxes made under the provisions of Section 10 of the Wild Land Tax Act, covering the following Territorial Units, viz: Numbers—4, 5, 6, 7, 8, 9, 35, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

Dated at Edmonton, Alberta, this 24th day of August, 1918.
J. H. LAMB, Acting Deputy Minister, Department of Municipal Affairs.

Sardinian Hero Has One Hundred Wounds

Fighter on Italian Front Has Won Gold Medal for Bravery

The bravest among the brave is one of Sardinia's truly fighting men, Antonio Mangano, whose body is covered with the scars of over a year's war. He is decorated with the Gold Medal of Valor, which is seldom given to anyone else, and he is the only Sardinian of Valor to have been knighted by the Crown of Italy on the battle field decorated by Serbia, Belgium, France and France, having been already decorated in the Tripoli war and the Meccina earthquake.

He was taken prisoner by the Austrians, but after four months at Mauthausen he escaped by joining the army at the front. Two of his brothers were killed in the present war.

Be'gian Refugees

Estimate Number of Homeless at 60,000—About 60,000 in Belgium

In England, France, Holland and Switzerland, country cut off from home, resources and assets, are approximately 60,000 Belgian refugees, according to estimates made by Lieut.-Col. Ernest P. Dickel, director-general of civilian relief for the American Red Cross.

In addition to the Belgian refugees in foreign countries, there are today in the small corner of Belgium, the unengaged approximately 60,000 people. To remain in their homes they are willing to live under conditions of the greatest difficulty and in constant peril from German planes and aviators.

While the Belgians today are widely scattered, it is estimated that at present there are 70,000 of them in Paris, 60,000 in London, and about 30,000 in Havre. The Belgian government is co-operating in the relief of the Red Cross in extending assistance in all countries where the refugees are concentrated in any numbers.

Big Seizure of Wheat Gluten

Over 1,000,000 Pounds of It Stopped On Way to Germany

Seized by the U. S. government of 1,057,000 pounds of devaluated wheat gluten, which was to have found its way to Germany, through Switzerland, was announced in a statement in Geneva this morning. The grain, which is a by-product of the flouring process, was discovered by a warehouse in New York, ready for shipment overseas. It was sold at public auction in the near future.

The custodian withheld the names of the shippers, consignees of the wheat, a product from which the glutamine is being taken. Its value in ordinary times he said was 18 to 20 cents a pound, but he predicted that a much higher price would be obtained at the sale.

The commodity had been stored by a German firm. Wheat gluten is used in the making of a diabetic food, has a high nutritive value, and is also used in the making of food extracts, said the custodian.

The amount taken over represents a nine months' supply in this country.

How Animals Take Gas

Masks for Horses, Dogs and Mules

There is probably no war in history in which animals have had such a part and attended to the present conflict. The allies have been purchasing gas masks for their horses and veterinarians have been assigned to attend them in illness. The use of gas masks by animals is a new thing, but it is being used with considerable success for some time.

Many of the animals that have been used in the war have been killed by gas. The gas masks for horses and mules are being manufactured to protect them.

Scientists were sent to the front by the allied governments to study this problem and report on the gas that horses suffered more from the deadly gas than other animals. As soon as the gas was inhaled, they became unconscious. On the ground and appeared to close their eyes and ears. Dogs barked loudly and ran away as fast as their legs could carry them.

Many of the animals that have been used in the war have been killed by gas. The gas masks for horses and mules are being manufactured to protect them.

"Blessings" of German Rule

Southern Russia to Have Liquor Traffic Forced Upon It

Apparently the Russian has not yet realized to the full the "blessings" her people are to enjoy under German rule.

The late czar of Russia did not think of it at least when he allowed liquor traffic from the country, but evidently the German has realized that he can improve it, as it appears that he and Austria are going to enforce the importation of spirituous liquors into Southern Russia. Austria has two hundred thousand tons of liquor worth to dispose of, and what could be better than to help the Russian people to celebrate their conquest?

How much of this liquor the German will export for export we do not know, but it shows what Canada might expect had she had the misfortune to come under the heel of the Kaiser. Happily, that is one of the dreams of the Hohenlovens which is destined to come to naught.

WOMEN! IT IS MAGIC!

LIFT OUT ANY CORN

Apply a few drops then lift corns or calluses off your feet—no pain

Just think! You can lift off any corn or callus with a few drops of this magic cream.

Cincinnati mail discovered this other corn remedy and named it Frezzone's. It is a simple, effective, and safe remedy for corns and calluses.

May Be Chocolate Famine

Sugar Shortage May Do It—Enough Cocoa Beans

There is going to be a famine in chocolate drops, chocolate candy, and other things of the kind, and it is due to a big shortage of cocoa beans. A big shortage of cocoa beans is expected to be the result of the war trade blockade according to the report of the director of the bureau of imports, says the law restricting the export of cocoa beans, says a Philadelphia paper.

There were 150 importers in the assembly room but Mr. Peterson told them that the government had decided to restrict cocoa bean imports between now and January 1 to 30,000 tons. The restriction is based on the shortage of cocoa beans and the importers were told to get their stuff from the nearest markets.

It is not the cocoa restriction that led the Joseph of the gathering to predict a famine. It was stated that the country now has 50,000 tons of cocoa beans, with 10,000 tons to be brought along within the market, but it was asserted that the sugar shortage kept up by the present conservation policy will produce the famine.

All Night With Insomnia. Everyone knows how attacks of asthma, whooping cough, and other ailments, wholly uninfected for a day of business, will keep a man up all night long. All this night business the prompt use of Dr. Williams' Pink Pills for Pale People will remedy, which positively does away the attacks.

Some German Dishes

Stewed Corn Is a Luxury; Soap a Memory in Germany

The German corn which will be a fine thing of egg fried in butter that coats a potato, is a luxury. Clothes made of cloth instead of paper, soap, and other things, money and soap is merely a memory.

The non-combatants in the cities of Germany have become resigned to the fact that many things are kept in the city. The old people pass away as the young people come in.

Milk is sold only on a physician's prescription. In short, the only way to survive in the Kaiser's realm today is to be a doctor.

In substance, this was the impression of the Kaiser's realm today, as expressed by Miss Florence MacAvoy, who has been in the Kaiser's realm since a Norwegian steamer ship arrived on March 23.

Miss MacAvoy and her sister, Mrs. Ida M. Lutz, of Hoboken, went to Germany to see the Kaiser's realm since March 23, just about the time the Kaiser's realm was in the hands of the Kaiser's realm.

Over the great peace offensive that was the Kaiser's realm, the Kaiser's realm was in the hands of the Kaiser's realm. The Kaiser's realm was in the hands of the Kaiser's realm.

The World of Tenderness

Diamonds and Money Nothing Compared to Son's Picture

The Philadelphia Public Ledger tells a story for the story of two women. Both were of middle age. One had a husband "stuffed with diamonds, cash and Liberty Bonds, representing all told, about \$5,000 in storable money."

She who had lost her son's picture cried bitterly. He was her only son, and a photograph of her son who was in the army and the light-ship. The photograph had been accidentally exchanged in the railway station.

She who had lost her son's picture cried bitterly. He was her only son, and a photograph of her son who was in the army and the light-ship. The photograph had been accidentally exchanged in the railway station.

Dr. H. Meeklenburg, the well-known ophthalmologist of Edmonton, will make his next visit to Bow Island hotel on Friday, October 4th, and Burdett drug store on Thursday, Oct. 3rd. See him about your eyes if you want to see well.—Adv.

Zion Lutheran Church.—Service in the Presbyterian church on Sunday, September 29th, at one p.m.—N. H. T. Brook, pastor.

St. Andrew's (United) Church.—The regular service will be held on Sunday evening at eight o'clock. The pastor, Rev. V. M. Gilbert, will preach on the topic, "God's Remnant."

Allan Rolfe received a card from his brother this week announcing the latter's safe arrival in England with one of the recent detachments of Uncle Sam's legions.

Mrs. Werts was informed by letter this week of the continued illness of Mrs. Agur at Baitwell.

A. E. Tunstall of Winnipeg has brought out this week the business interests of E. Ingobly in the City Garage. Mr. and Mrs. Tunstall will take up their residence south of the track in the house recently occupied by F. McWilliams.

Lanadell S.D. is advertising in this issue for a teacher.

Birth.—On Thursday, September 10, the wife of E. E. Thompson of a daughter.

Mrs. Archie Houghlin and Miss Valva Peterson autored to Medicine Hat on Wednesday.

Mrs. J. G. Murray returned on Saturday last to Vancouver.

Mr. and Mrs. J. W. Hopkins spent last week in Lethbridge.

H. E. and R. S. Beattie received word this week that their brother had been wounded in France.

The following shipment of Red Cross supplies was made from Bow Island this week:—39 binders, 60 p. binders, 10 pillow cases, 20 p.p. covers, 60 b. socks, 20 slings, 13 sup. d. covers, 41 up. stockings, 5 m.t. bandages, 77 p.p. bags, 60 pairs socks, 20 muslin aprons, 20 pyjama suits, 2 bay shirts, 3 dressing gowns.

Will those having relatives at the front enlisted from this district please send in their names, with full particulars as to regiment, etc., to the secretary (Mrs. W. J. Oliver) of the Bow Island Red Cross, as a list is now being made up of those who are to receive Christmas parcels.

The big drive of the Knights of Columbus for funds to build army huts and provide necessities for the troops in France will end on Monday next, September 29th. Reports from every part of the Dominion agree in announcing the hearty response given by the people of Canada to the appeal. A canvass of the people of Bow Island has been made with very satisfactory results. If there are any, however, who have not as yet given, it is earnestly requested that they send in their donation as quickly as possible, either to J. M. Cullen or to Fred Moerke, canvassers for the town.

A. F. Dulmage, secretary, and R. S. Beattie, chairman, of the local committee, will be glad to furnish any information required.

The Review is again requested to remind its readers that the annual meeting of the Bow Island Red Cross will take place on Friday, October 4th, and a big attendance of the members is requested.

Special Rally Day Service of the Fort St. James Sunday school will be held on the 29th of September. A good program, consisting of recitations and solos from the scholars, will be rendered. Everybody is cordially invited. The collection will be in aid of the General Sunday School Fund of the Dominion of Canada. Be sure of the day and the hour—Sunday, September 29th, at twelve o'clock.

The Women's Institute will hold their next meeting on Saturday, September 21st. A cordial invitation is extended to the members of the Bow Island U.F.W.A. to attend.

Lots for sale.—Anyone wishing to lay town lots south of the track see F. MacWilliams, Stacey Lumber Co., Bow Island.

Divine service will be held at All Saints' Church on Sunday evening next at 7.30 p.m.

Circulation of propaganda of the pro-German organization known as the International Bible Students is being carried on through hand-to-hand distribution since the mails and newspaper publicity were shut off. Prosecution of those concerned in the new form of distribution is planned, and for the purpose of warning any people innocently connected with the propaganda the press censor has issued the following warning:

Attention is drawn to the following passage from the consolidated orders respecting the censorship, dated May 21, 1918, dealing with certain prohibited publications under the War Measures act:

"All publications, pamphlets, leaflets and other prohibited matter issued by or for the purpose of the International Bible Students' associations, the Watch Tower, Bible and Tract society, and the Associated Bible Students, wherever the same may be published or circulated, and any reprints or copies

of any of the aforesaid publications are forbidden to be in the possession of any person in Canada."

The penalty for the possession of any of the publicity matter of the organizations mentioned is a sentence of five years' imprisonment, or a fine of \$5,000 dollars, or both fine and imprisonment. This applies to any one detected, circulating, reading or in any way giving countenance to this prohibited matter, and the public is hereby warned accordingly.

There has been in preparation for some time in the office of the natural resources intelligence branch, department of the Interior, Ottawa, a new edition of a map much sought after by prospective settlers in Western Canada, namely the Northern Alberta Homestead Map, on a scale of 12½ miles to the inch.

The new issue is most comprehensive in the information contained. By an elaborate color scheme, the vast land involved is divided in such a way as to indicate clearly the disposition

of the whole. The various colors represent: land finally disposed of, lands entered for but not patented, forest reserves, timber berths, grazing leases, Dominion parks and Indian reserves, also the boundaries of the Dominion land agencies and the location of the land offices. In addition the general direction of coal seams, outcrops, tar sands, and oil horizons, is indicated.

Several new features included in the map just being published are especially worthy of note. Rectangular spaces in light buff, for instance, show the lands reserved exclusively for settlement by returned soldiers. All those lands south of a red hatched line which may become available for entry as a result of cancellation or abandonment are also reserved for the same purpose.

Persons desiring copies of the map should make application to the superintendent of the natural resources intelligence branch, department of the Interior, Ottawa.

Burdett Chautauqua Oct. 7th, 8th, 9th

Ladies' Festival ORCHESTRA.

Versatile and vivacious, these young ladies, six in number, win every audience. They play and sing remarkably well. Their programs are of infinite variety, rendered with all the musicianship true artists alone are capable. Their appearance on the Chautauqua Festival is of more than ordinary importance. They give orchestral numbers, readings, songs, instrumental solos, duets and continued selections.

THE FRENCH FARMERS SAVED THE DAY

The savior farmer is a national asset. Canadian progress today in all lines attests magnificently to the splendid qualities of thrift that have marked the farmers in all the provinces. The total returns from field crops and animal products have been only possible because of the disposition to make use in an economical way of all the wonderful gifts of Providence in this good land of ours.

The same was abundantly true after 1870 in France when the frugal, thrifty farmers of that fair land made it possible for the Republic to pay off the hated German war indemnity of two billion francs levied against them. The same spirit of national thrift built up France for the extreme test today—a test that is being tried by fire.

Thanks be, French heroism is proving true. The line is holding. The blood of the farmers is flowing equal as well through the veins of France's daughters of the soil and so the national strength, bonds, and does not break.

Canada is reaping her harvests of increased returns and truest being made as never before. Our farmers are earning the gratitude of all in their splendid efforts at production. That they will carry into their savings an equal foresight in conserving their surpluses against the future days of darkness and lower prices will be equally praiseworthy. He is well advised who saves his extra dollar until he sees which way the winds of tomorrow will blow. Adversity blows a chill blast where there is no dollar in the savings.

Autumn Cultivation Weed Control.
(Experimental Farms Note.)
The ploughing of the land in the fall is desirable as a part of the regular work of the farm since it enables the ground to be got into proper condition for sowing the seed in spring considerably earlier than would otherwise be the case. But it is perhaps of even greater importance as a means of keeping weeds in check. In the case of perennial weeds the more turning up and exposing the root stocks to the action of the frost will serve as a considerable check to the weeds in cases where they are not killed outright. Where it is desirable to collect and burn creeping rootstocks this can be more readily accomplished where the ground has been pulverized by the frost and snow of winter.

In the case of annual weeds there are of two classes from the point of view of their life-history. One group requires a resting period before the seeds will germinate and this holds good even if the conditions with regard to moisture and temperature are suitable. These normally germinate in the spring of the following year after they are shed, but in many species the germination can be delayed for several years if the seeds are buried to a considerable depth in the soil. This is true of such species as wild oats and wild mustard. Each time the surface of the ground is disturbed some of these buried seeds will germinate and if no other seeds are allowed to fall into the soil in the meantime, the ground will eventually become clear of them.

Town Council.

A regular meeting of the town council was held in the council chamber on Friday last, the following being in attendance: Mayor Reid, Councillors Swennumson, Rolfs, Oliver, Blaine and Hurd.

The following accounts were presented:

C. P. R. freight	\$14.70
Public Trustee Commission	30.00
Medicine Hat gas fittings	13.40
Stacey Lumber Co.	2.10
Canadian Meter Co.	125.00
Chaplin-Pulson Co., regulator ..	99.00
Swennumson & Co., gas fittings ..	43.85
R. S. Beattie, sundries	4.15
H. L. Ewing, labor	43.00

The accounts were ordered paid if found correct.

An application was received from Dr. Peterson on account of error made in meter readings amounting to \$7.00.

The error was ordered to be made good.

A letter received from the Union of Alberta Municipalities regarding their convention to be held in Medicine Hat on October 9th and 10th was laid on the table until the next meeting. In the meanwhile the secretary was requested to prepare resolutions relative to tax enforcement procedure, etc., or any other matters that might improve the Town Act.

Geo. Redell wrote asking for a rebate on his water license. The council decided they could not grant a refund of his license. They consented, however, to release his bonds and to cancel his license.

Councillor Blaine moved an amendment that "in addition to releasing his bondsmen that portion of license be refunded as applied for." The amendment, however, was not seconded.

The committee appointed to interview the school trustees relative to purchasing the old school building, submitted a letter received from the trustees offering the premises for \$700.00.

The mayor requested the committee to obtain an option at that price, and also to see the old hospital board and ascertain what money they had on hand.

The solicitor was asked to draw up a lease between the town and the Tydhope-Anderson Co. for a fresh lease of the town well.

The council gave its consent to a regulator station being placed on Swennumson's lot, and the solicitor was asked to prepare a lease covering same.

The meeting then closed.

SOLDIERS OF ALBERTA EXEMPT FROM TAXES

Dependents' Homes Also Come Under Scope of New Provincial Law

Conspicuous among exempt taxpayers this year are soldiers and soldiers' dependents. Under the two provincial acts which regulate the taxation of soldiers' property, the home property or that in which the soldier was living at the time of his enlistment is exempt for all purposes of taxation. The council gave its consent to a regulator station being placed on Swennumson's lot, and the solicitor was asked to prepare a lease covering same.

The meeting then closed.

On all other property of soldiers, the legislation provides that no taxes can be collected, although the property is taxable, until two years after the soldier's discharge, or the end of the war. Arrears of taxes on the home before 1918 or which have or may accumulate on other property owned cannot be touched by any legal proceedings, either, until the conclusion of the two years.

It is understood in these acts that a soldier is a person either on active service or subject to call for service within the Empire.

A CHEERFUL HOME

Means a happy one. Any of our "ROUND OAK" Goods, Stoves, Ranges, etc., brings a contentment to the housewife that no other goods can possibly bring. Call in and get our prices.
